PREPARATIONS

Before the course, documentation related to the course will be sent to participants by e-mail. It will include local information and accommodation. All participants will get the whole details from the webpage of the course. The participants will be asked to prepare presentations about their countries and educational systems before the course. They will be asked to install some free softwares to their computers not to lose time during the course

OBJECTIVES

The goals of the course are as follows:

- * Provide teachers with practical ideas for how they can incorporate games, IT, fun activities into their existing lessons.
- * Familiarize teachers with current ICT trends and how they can be applied in the creation of an e-lesson.
- * Familiarize teachers with the use of creative methods during classes
- * Allow teachers to know the latest and innovative methods of teaching
- * Allow teachers to share ideas and cultural differences with other nationalities from the European Union
- * Provide teachers with an insight into intercultural interactions

METHODOLOGY

We will try to stimulate active participation of all participants taking part in the course. In this way, we aim to build a diverse and stimulating environment for reflecting, working and learning. We will make use of the following tools:

- face-to-face lessons
- group work
- sharing best practice
- multimedia and web resources
- brainstorming
- self and group assessment and evaluation.
