

Freddy the pizza burglar

Hello, My name is Ricky Johnson and I'm 22 years old. I want to tell you my story which happened 2 years ago while I was working as a night guard in the pizzeria "Freddy Frezbear's Pizza" in Gotham City. The pizzeria wasn't big but popular, because they made the best pizzas in the city. They organized birthday parties for children but the main attraction were animatronics: Freddy, Foxy, Chicka, which were singing and dancing. And now listen to my story 😊

It was Saturday night. They just closed the pizzeria. I started my work. About 2:00 a.m. I saw something strange. I thought, that one animatronic Freddy moved. Then again. I ran to it but it wasn't there. I returned to the security room. On the one camera Freddy was going to me. I was scared. Suddenly I saw him next to me. I fainted. When I woke up, he was running away from the pizzeria. Near the Exit I saw the man with the head of Freddy who was running away with the pizza. He scared me. Batman didn't help me 😞 I was chasing the burglar when I saw, that he was a slim old man. Then I caught him. He had a long grey beard and a moustache. He was wearing a green tracksuit, checked coat and a striped hat. The burglar said, that he was very hungry and he didn't have money and food. I went to help him and I paid for his pizza.

Now I am a computer programmer. This year I have made a computer game about it. It is very popular. It really exists. Check it out. NOW!
